

Rockography

The Rocktown Sparks! is a group rocking crowds with a mix of music ranging from vinyl classics to the newest streaming hits. The band formed in 2021 from a collection of “51% working professionals - 49% weekend warriors; don't push it!” The Rocktown Sparks met as a group of musicians with a burning desire to express their musical tastes with a group of like-minded players. They span in age from millennials to late boomers, and with this rare mix deliver a unique blend of raw energy and musical experience unlike anything else across the region.

Their style breathes new life the songs you know and love by the likes of Tom Petty, REO Speedwagon, Peter Gabriel, and more while incorporating the freshness of songs by Dua Lipa and Maneskin. Their unique style fuses a wide sonic range of two keyboardists combined with a tasteful combination of electric and acoustic guitars and tight rhythm section. Everyone in the band lends their own vocal style with exciting crowd engagement; always ensuring everyone hears something they enjoy that will make you want to get up with dance or make new friends.

The Rocktown Sparks! is a crowd favorite at many local events, including First Thursdays in Hillcrest, fundraisers, private and corporate events. The band has emerged from standout performances at Party at the Plaza in Argenta and has built a growing fan base since.

The Rocktown Sparks! is comprised of:

- Eric Britt – vocals and guitar
- Brooks Brown – drums and vocals
- Brian Cato – guitar and vocals
- David Edwards – keyboards and vocals
- Jonathan Fili – bass and vocals
- Sarah Hamilton – vocals and percussion
- Steve Mangan – guitar and vocals
- Jackson Rogers – keyboards and vocals

The Rocktown Sparks! is currently accepting bookings and would be thrilled to be the life of your next party or event.
