

## Rockography

The Rocktown Sparks! are a 7-piece group rocking crowds with a mix of music ranging from vinyl classics to the newest streaming hits. The band formed in 2021 from a collection of “51% working professionals - 49% weekend warriors; don't push it!” who met as a group of musicians with a burning desire to express their musical tastes with a group of like-minded players. Their unique brand of entertainment brings to life the songs you know by the likes of Tom Petty, REO Speedwagon, Peter Gabriel, and more. Their unique style fuses a wide sonic range of two keyboardists combined with a tasteful combination of electric and acoustic guitars and tight rhythm section. Everyone in the band lends their own vocal style and crowd engagement; always ensuring everyone hears something they enjoy that will make you want to get up with dance or make new friends.

The Rocktown Sparks! have become Central Arkansas's hottest new band and are a crowd favorite at First Thursdays in Hillcrest. The band emerged last spring with a standout performance at Party at the Plaza in Argenta and have built a growing fan base since.
